Item 15. Resolution regarding an incentive programme and issuance of warrants to senior management and key employees (LTIP)

The board of directors in Maha Energy AB (publ) (the “**Company**”) proposes that the annual general meeting resolves on an incentive programme for senior management and certain key employees through issuance of warrants entitling to subscription of new shares of class A in the Company (“**Shares**”) as set forth below.

Background

The proposal to launch an incentive programme by the issuance of warrants is presented by the board of directors of the Company in order to strengthen the retention of employees with the company group and to motivate the employees to create shareholder value. The board of directors assess that these objectives are in line with all shareholders’ interests.

The programme encompasses employees employed by subsidiaries of the Company (together with the Company, the “**Group**”). Board members not employed by the Group are not allowed to participate. Those entitled to participate in the incentive programme are hereinafter referred to as “**Participants**”.

Terms and conditions for the issue of warrants

1. The Company shall issue not more than 750,000 warrants. Each warrant entitles to subscription of one (1) new Share, each with a quotient value of SEK 0.011.
2. The warrants may, with deviation from the shareholders’ preferential rights, only be subscribed for by Maha Energy Inc (the “**Subsidiary**”), a subsidiary of the Company, after which the Subsidiary is to transfer the warrants to the Participants in accordance with the resolution adopted by the general meeting and instructions from the board of directors of the Company.
3. Subscription of warrants shall be made by the Subsidiary on a subscription list following the general meeting’s issue resolution. The board of directors of the Company shall be entitled to prolong the subscription period.
4. The warrants shall be issued without consideration (i.e. free of charge) to the Subsidiary.
5. If all issued warrants are subscribed for by the Subsidiary, transferred to and exercised by the Participants for subscription of new Shares, the Company’s share capital will increase with SEK 8,250 (subject to potential recalculations in accordance with standard terms and conditions applicable to the warrants).
6. The warrants may be exercised for subscription of new Shares during the period from and including 1 May 2021 until and including 31 November 2021. Warrants that have not been exercised for subscription of new Shares by 31 November 2021 shall lapse.
7. Each warrant shall entitle the warrant holder to subscribe for one new Share in the Company at a subscription price per Share (the “**Exercise Price**”) corresponding to

100% of the volume weighted average last closing price for the Company's share on Nasdaq First North during the period from and including 24 May 2018 until and including 29 May 2018. The Exercise Price thus calculated shall be rounded off to the nearest whole SEK 0.10, whereupon SEK 0.5 shall be rounded upwards. The Exercise Price may never be below the quotient value of the shares.

8. The warrants will be subject to customary recalculation conditions.

Allocation principles to be applied in relation to Participants

Warrants subscribed for by the Subsidiary shall be transferred to the Participants in accordance with instructions from the board of directors of the Company and the principles set forth below.

The transfers of warrants from the Subsidiary to the Participants are to be made without consideration (i.e. free of charge).

The Participants' right to receive warrants shall be differentiated based on position, responsibility and work performance in the Group. The Participants will be divided into three different categories and only persons in such categories will be offered the right to receive warrants.

Maximum allocation of warrants within each category of Participants:

Position	Maximum allocation per Participant
CEO	150,000 warrants
CCO & VP	150,000 warrants
CFO	100,000 warrants
COO	100,000 warrants
VP Exploration	75,000
Controller	50,000
Other Key employees, maximum of 7 employees	125,000 warrants

Allocated warrants may be exercised for subscription of new Shares in the Company during the period from and including 1 May 2021 until and including 31 November 2021. Subscription of new Shares may however not take place during so-called closed periods according to the EU Market Abuse Regulation, or otherwise in breach of relevant insider rules and regulations (including the Company's internal guidelines in this respect).

Warrant agreement

All warrants will be governed by warrant agreements to be entered into between each Participant and the Subsidiary in connection with the transfer of warrants from the Subsidiary. The warrant agreement will include certain transfer restrictions and other terms and conditions customary for such agreements.

Reasons for the deviation from the shareholders' preferential rights

The reasons for the deviation from the shareholders' preferential rights is that the Company wishes to offer warrants to employees of the Group in order to strengthen the retention of employees and to motivate them to contribute to the creation of shareholder value.

Dilution, costs, etc.

Upon full subscription, transfer and exercise of all 750,000 issued warrants; a total of 750,000 new Shares will be issued in the Company (subject to potential recalculations in accordance with standard terms and conditions applicable to the warrants). This would lead to a dilution corresponding to 0.8% of the total share capital and number of votes in the Company (based on the share capital and number of shares in the Company registered as of the date of this proposal and calculated as the maximum amount of share capital and number of shares that may be issued, divided by the total share capital and the total number of shares in the Company after all warrants have been exercised).

The incentive programme is expected to have a marginal effect on the Company's earnings per share. A preliminary estimate of the market value of the warrants is SEK 2.29 per warrant for the call period, assuming an underlying market value and exercise price of SEK 6.70 per share. The Black Scholes valuation model has been used for valuing the warrants and assumes a risk free interest of -0.17 percent and a volatility of 47 percent.

Costs related to the issuance of warrants under the incentive programme will be accounted for in accordance with IFRS 2 and recognized as an expense in the income statement during the vesting period. The preliminary estimate of total cost to be recorded during the term of the programme is SEK 1,715,656. Ongoing administration costs and other costs of the programme are minimal.

Outstanding incentive programmes

As of the date of this proposal, the Subsidiary has 800,000 stock options outstanding under a separate stock-based incentive plan. Upon exercise of the stock options, the option holders become shareholders in the Company instead of the Subsidiary. In order to facilitate such exchange the Company has issued the shares of class C2 to be converted to shares of class A and delivered to holders upon exercise of stock options.

In addition, 750,000 warrants are outstanding under a long term incentive program for employees and senior management of the Group. Each warrant entitles to subscribe for one new Share in the Company. The exercise price of the warrants corresponds to 100 percent of the volume weighted average last closing price for the Company's share on Nasdaq First North during the period from and including 12 June 2017 until and including 15 June 2017. The

warrants may be exercised from and including 1 June 2020 until and including 31 December 2020.

Approval of transfer of warrants from the Subsidiary to Participants

A resolution to issue warrants in accordance with this proposal also includes an approval of the transfers of warrants from the Subsidiary to the Participants.

Majority requirements

This proposal to adopt the incentive programme and to issue warrants, as well as the approval of the transfers of warrants from the Subsidiary to the Participants, is governed by the provisions in Chapter 16 of the Swedish Companies Act (*Sw. Aktiebolagslagen (2005:551)*), and a valid resolution therefore requires that the proposal is supported by shareholders representing at least nine-tenths (9/10) of the votes cast as well as of all shares represented at the meeting.

Item 16. Resolution regarding authorization for the board of directors to increase the share capital

The board of directors proposes that the general meeting resolves on an authorization for the board of directors to – for the period up to the next annual general meeting and at one or more occasions – resolve upon issuance of new shares, warrants and/or convertible debentures. Payment may be made in cash, in kind, through set-off of claims or otherwise be conditional. The company's share capital may by support of the authorization be increased by an amount corresponding to 10% of the share capital and number of shares in the company as of on the date the board of directors make use of the authorisation. Deviation from the shareholders' preferential rights shall be allowed in situations where a directed issue is deemed more appropriate for the company due to timing, commercial or similar reasons, and in order to enable acquisitions. The chairman of the board of directors, the managing director, or anyone authorized by the board of directors, shall have the right to make any minor adjustments required in order to register this resolution.

Number of shares and votes in the company

The total number of shares in the company at the time of issuance of this notice is 99,228,363 (88,046,742 A-shares, 9,183,621 convertible B-shares and 1,998,000 convertible C2-shares). The company does not hold any of its own shares.

Shareholders' right to request information

Pursuant to Chapter 7 section 32 of the Swedish Companies Act (*Sw. aktiebolagslagen (2005:551)*) the board of directors and the managing director are under a duty to, if any shareholder so requests and the board of directors deems that it can be made without material damage to the company, provide information, regarding circumstances which may affect the assessment of a matter on the agenda or of the company's economic situation. Such duty to provide information also comprises the company's relation to the other group companies, the consolidated financial statements and such circumstances regarding subsidiaries which are set out in the foregoing sentence.

Documentation

The financial accounts, auditor's report, complete proposals for resolution and other documents to be dealt with at the general meeting will be kept available at the company's office not later than three weeks before the meeting. The documents will be sent free of charge to shareholders who so request and state their postal address. The documents will also be made available not later than the aforementioned date on the company's website www.mahaenergy.ca. All the above mentioned documents will also be presented at the general meeting.
